Would reinvent myself
But there's no vent

The past isn't the issue
It's the present and future that concern me

My self-esteem has been bipolarized

My brain is functional
The heart is suspect

Love what you pick

Poems are like cactus
Be careful where you sit

baked grey

it's the sunniest of afternoons
with "nothing to do"
I'm a deep dark empty space
in my gut and in my heart
unprogrammed aloof
wilting black in shock
the clueless app
baked grey
like late dusk
a sentence hell could not
invent

Going back to alone

Stripped to the bone

Dead phone

Slow cone

Going back to alone

Smack down

Beyond drown

Eyes down

Hard alone

Falling thru space

No humans to race

Flounder in haste

Alone

Parse the Day

Just your feet
Grinding on the sand
Just your memories
Infused in your hand

Just a calming wind
To parse the day
Just the Sun
Milling hay

For the poets

All we share is fuzz

All we get is buzz

The meme army memes away

As eyeballs decay

From gut

To guts

Presumed to be shunned

Out gunned

postlude

It's gonna take a lotta love

To change the way things are
It's gonna take a lotta love
Or we won't get too far
So if you look in my direction
And we don't see eye to eye
My heart needs protection
And so do I

It's gonna take a lotta love
To get us through the night
It's gonna take a lotta love
To make things work out right
So if you are out there waiting
I hope you show up soon
'Cause my head needs relating
Not solitude
